Tic Tac Toe: Algebra 1

<p>Make a set of flashcards for this unit. You can use CRAM, Google Slides, index cards, or any other tool you choose.</p> 	<p>Choose any problem from this page & create a comic strip about it. Have a character illustrate the steps or try your own approach.</p> 	<p>Make a meme to help your classmates better understand variables, inequalities or functions.</p> 
<p>Sign up for an "algebra challenge" lesson with Ms. K or Ms. R.</p> 	<p>Choose your own idea. Have a teacher sign off on your idea before you begin.</p> 	<p>Create a Wakelet resource collection for this unit (e.g. helpful tutorials, tips).</p> 
<p>Choose any problem from this page & create a Flipgrid video showing how to solve it. Be creative!</p> 	<p>Watch one of these BrainPop videos on equations.</p> 	<p>What is algebra? Make an Animoto video to explain it.</p>

12

13

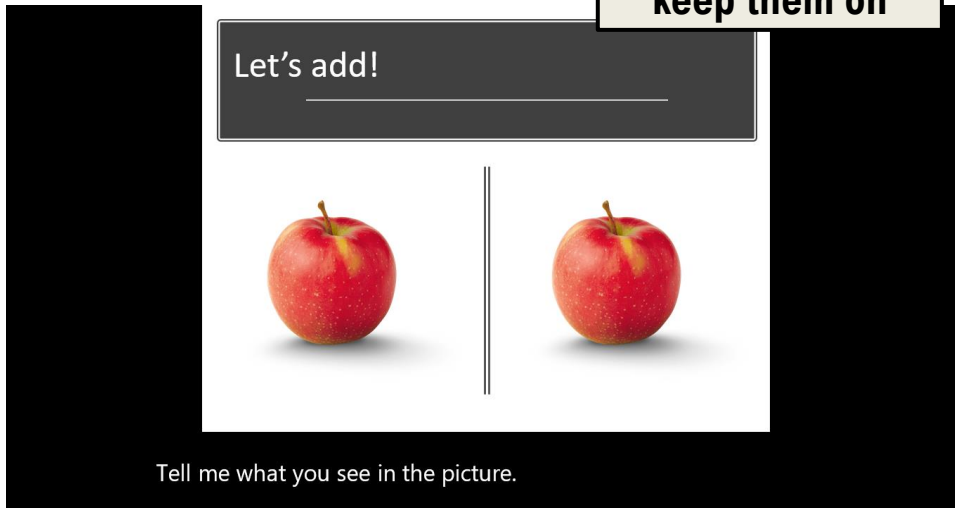

14

closed captions in Google Slides & PowerPoint

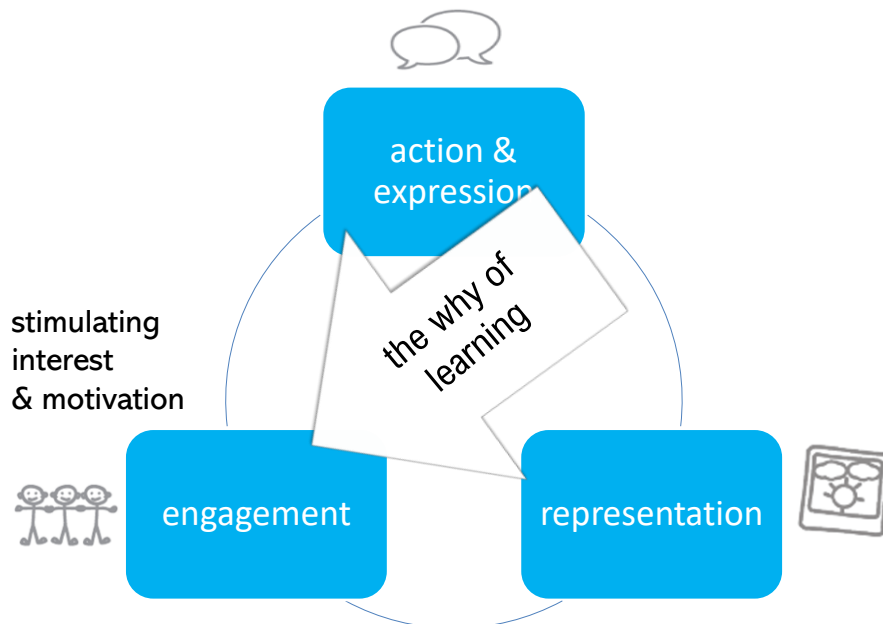

You may want to use it with:

- Deaf or hard-of-hearing students
- emerging readers
- ELLs

#UDLHack:
put captions on &
keep them on

15

16

17

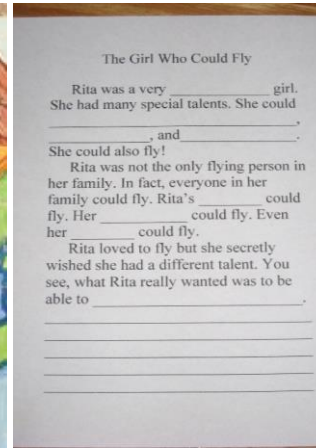

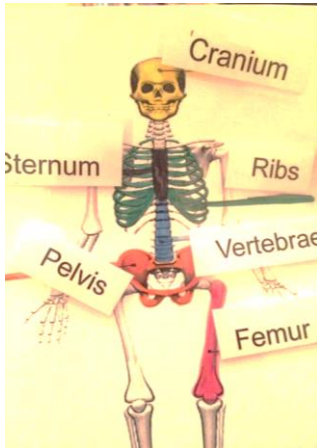

choices: ideas

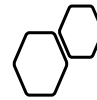

- level of challenge
- tools utilized
- sequence of tasks
- free time/genius hour
- partners/groupings
- topics of study
- class rules/practices

#UDLHack: choices & more choices

18

- differentiate level of challenge
- emphasize the wide range of ways to meet standards (e.g., progress, effort)
